U.S. citizens traveling to any destination outside of the United States are required to present a valid U.S. passport. Passports must be valid for 6 months past the return date. Some countries require a visa for transit or entry. Passengers are responsible for ensuring they have all the proper documents for entry. All names on documents must match the legal name on your photo I.D., and travel document information must match tickets. Please check the State Department website at <https://travel.state.gov> for further information. Immunizations may also be required.

Failure to comply with these regulations may result in denied boarding, denied entry, and/or government-imposed fines. If you are a citizen of another country, there may be additional requirements. Check with the nearest consulate or embassy of the destination you are traveling to and find out the entry requirements for non-U.S. citizens."

If you would like to pay off your trip in installments, you can make your initial deposit of \$1000 and then the balance divided equally over the following months so that the balance is paid 60 days before departure. Initial here \_\_\_\_\_.

Travel insurance and Diver's Accident Insurance are mandatory for our trips. Some providers include both diver accident and trip interruption under one policy. Others offer add-ons for an additional cost. Our recommendation would be either DiveAssure or DAN. Applications for each of these are available at Blue Water Divers.
